

Privacy Policy for Streamline Cartons

When you access the Internet, the computers that host Web sites you visit (Web servers) automatically receive some anonymous information. This "usage data" may include a record of which pages a Web browser has visited. Streamline Cartons servers receive usage data when customers visit Streamline Cartons web sites. Streamline Cartons may use usage data to provide advertising about goods and services that may be of interest to Streamline Cartons customers, or to provide customised features and services. Streamline Cartons will not use information about your activities on the Internet together with any information that identifies you without your consent.

Streamline Cartons may use advertising companies to deliver ads on some Streamline Cartons Web sites. The advertising companies may also receive some anonymous information about ad viewing by Internet users on Streamline Cartons Web sites and other Internet sites. This information may be associated with a customer's Web browser, but cannot be associated with a name or e-mail address without the customer's permission (this means that advertising companies may know where your computer goes on the Internet, but they don't know who you are unless you tell them). Streamline Cartons does not supply customer identifiable information to advertising companies or to individual advertisers or other third parties. If you go to another Web site, including an advertiser's Web site (for example by clicking on an ad), and request information or enter a contest, be aware that you may be authorizing another company, including an advertising company, to use information you supply. Find out more about the advertising companies that deliver ads on Streamline Cartons Web sites, read their privacy policies, and choose whether to let them collect information about what you do on the Internet.

Streamline Cartons and its advertisers may use various kinds of software devices to collect information about Internet use. Small files called "cookies" may be attached to your Web browser. These files identify your browser and save information such as passwords so that Web sites can recognise you. You can set your browser to disable cookies, but some Streamline Cartons Web sites (and other Web sites) may not work properly if you do this.

Disclosure

Streamline Cartons will not sell, trade, or disclose to third parties any customer identifiable information derived from the registration for or use of any Streamline Cartons online service -- including customer names and addresses -- without the consent of the customer (except when legally required to in the case of imminent physical harm to the customer or others). When Streamline Cartons uses other agents, contractors or companies to perform services on its behalf, Streamline Cartons will ensure that the company protects your customer identifiable information consistent with this Policy.
